SUMMARY

Flutter Developer with over one year of professional experience developing cross-platform mobile applications using Flutter and Dart. Passionate about building scalable, maintainable, and user-focused applications using Clean Architecture and SOLID principles.

Experienced in REST API integration, authentication systems, local databases, Firebase, Supabase, and responsive UI development. I enjoy transforming ideas into high-quality mobile products while continuously learning new technologies and best practices.

EDUCATION

ExpertFlutter.pro

Professional Flutter Development, Self-learning through official documentation, real-world projects, and continuous practice.
