SUMMARY

Flutter developer with over one year of hands-on experience, proficient in **SOLID principles** and clean **architecture**, with part-time collaboration at Salayan on startup projects. Mastered a new app **architecture within one week** and **redeveloped the project over six weeks** focusing on **RESTful API integration, map features, authentication, and verification**—consistently staying ahead of the development schedule. Recognized for discipline, rapid learning, and creative problem-solving. Eager to work with dynamic teams and open to new challenges.

EDUCATION

Premium Flutter online course (ExpertFlutter.pro) And Youtube channels.

INTERESTS

Gym , Self Improvement, Nature

SKILLS

Programming : **Dart , Flutter**

State Management : **BLOC ,Provider**

English Language : **Intermediate**

Tools & Platforms : **Isar, Hive, Supabase, Git**

Soft Skills : **Time Management , Fast Learning, Problem Solving**

EXPERIENCE AND ACHIEVEMENTS

Flutter Developer

Salayan 11/2024 – Present | Mashhad , Daneshju

- **Fast Learning:** Mastered a new app architecture within one week and redeveloped the project in six weeks.
- **Performance Optimization:** Improved app efficiency, fixed critical bugs, and completed tasks ahead of schedule.
- **Effective Task Management:** Broke down large and complex tasks into smaller, manageable parts to speed up the development cycle.
- **UI/UX Collaboration:** Worked closely with the design team to significantly enhance the user interface and user experience.
- **High-Quality Coding:** Developed a startup application using the BLOC architecture and followed SOLID principles to improve code quality and maintainability.

Self-Learning and Programming Internship

- **App Development:** Developed and published an advertising app for HyroPlast Manufacturing Company using Java and Android Studio.
- **Flutter Path:** Developed over 15 applications with Flutter, gaining hands-on experience in state management with Bloc and Provider ,working with APIs, and mastering advanced Flutter concepts.
- **Internship:** Completed an internship at Salayan Company, focusing on app architecture, API integration and feature development.
